

Angela Forero

Geologist

Enthusiastic geologist at entry level, who likes to take initiative and seek out new challenges

Currently looking for a geologist position to start in the development of my career. I would like to utilize my skills and knowledge as well as my passion as a team player, to study and understand the earth subsurface in order to contribute for a good administration and development of subsurface resources.

Education

- 2017 - 2020 M.Sc. Geological Engineering
Department of Geology and Geophysics
University of Bucharest
Thesis:
Structural and stratigraphic influence on the distribution of hydrocarbon in reservoir rocks of an area in the central North Sea: Volve field, Norway.
- 2014 - 2017 Geologist
Department of Geology and Geophysics
University of Bucharest
Final Work:
Sedimentological study of Miocene-Pliocene deposits of Eastern Carpathians, Curbura zone.
Depositional systems and tectonic evolution.

Other Studies

- 2003 - 2009 Veterinary Medicine

Universidad Antonio Nariño
Colombia

Skills

Structural Geology	●	●	●	●	●
Stratigraphy	●	●	●	●	●
Sedimentology	●	●	●	●	●
Seismic Interpretation	●	●	●	●	●
Petroleum Geology	●	●	●	●	●
Mineralogy	●	●	●	●	●

Work Experience

Currently looking for a work opportunity that allow me to start in the development of my career as geoscientist.
